Last Modified on 12/10/2023 12:41 pm EST

If you're looking to add a discount or have a sale on your MV Profile, the Discount Manager is the tool is for you!

Having discounts and temporarily offering lower prices is a fantastic way to attract and engage your fans and make loyal new fans. You can have a sale for a specific reason: as a holiday promotion, to highlight older vids, to get Members to visit your profile, to give your fans a treat... you name it! It's an all-around amazing method to reach whatever goals you may have as a creator.

You can set up a big sale on multiple vids at once by applying a discount percentage and selecting a time period for how long the sale runs. You can also put just one individual vid on sale by editing that vid and selecting the discount percentage on the vid edit page!

You can also decide that you don't want to put anything on sale. It's your choice!
