

## How do I setup/edit my Live Tip Menu?

Last Modified on 07/09/2024 1:54 pm EDT

Looking to get more tips in Live? Setting up or editing your Tip Menu is a great way to keep your members interested by offering to perform actions for a set amount of tokens! You can offer up to 29 tip options, and Members will always have the option to send you custom tips.

1. To set this up, [first create a live room](#).
2. Click <Tip Menu> next to Settings
3. To add a new Tip Menu option, click enter the action you will perform for what amount of tks, and click "ADD"

You will see the new option has been added!

To completely remove a tip menu item, click the trash icon on the item.
