

What are the "Forbidden Words" on MV?

Last Modified on 08/11/2023 5:38 pm EDT

On MV, we keep a list of words that are forbidden for use in titles and descriptions on Vids, Store Items, etc. You can find this list by visiting this link: <https://info.manyvids.com/home/forbidden-words>. The reason we forbid these words is to ensure we remain compliant with our payment processors as well as to maintain a safe and welcoming community.

Attempts to bypass our forbidden words using special characters or otherwise (for example, using bl@@d instead of blood) are a violation of our site rules and may result in an immediate account suspension.
