A member of the MV Team will review everything and you will receive an email notifying you if your account has been approved or if we will need further documentation.

How Long Does It Take to Get Approved?

The MV Team will review your application, and you will typically hear back within 24 to 48 hours of submitting your application. If we need additional documentation, we will notify you via email.

Be Sure to Include the Following in Your Application:

- **Clear close-up photo of your valid, government-issued photo ID** showing all details.
- **Photo of yourself holding your ID** along with a sign that includes the following four items:
 1. Today's Date
 2. Date of Birth
 3. Full Legal Name
 4. The word "MANYVIDS"
- Clear photo of the back of your ID, if there's important information like your birth date or the expiry date on the back.

If your application is missing any required information, the approval process may take longer, so please ensure everything is provided.

After Submission:

You will receive an email once your account has been approved, or if further documentation is required. If you haven't heard back within 48 hours, check your Spam or Junk folder, or add noreply@manyvids.com and help@manyvids.com to your safe senders

list to avoid missing important updates.

If you have any questions or need further assistance, please contact the MV Support Team at help@manyvids.com.
