

How do I activate Tip on my profile?

Last Modified on 07/12/2023 7:46 pm EDT

A purple rounded rectangular button with the word "TIP" in white capital letters.

Tip is a service that allows Members to tip you directly! To activate this service, all you need to do is:

- [Upload 5 vids](#) (*must be priced for sale, not free*)
- [Upload a profile picture](#)

That's it! Now you can receive tips directly from your fans.
