

## Notifications on MV

Last Modified on 03/20/2025 2:04 pm EDT

The Notifications Page is your go-to hub for staying updated on the latest engagements with your content and profile. Whether you're a user or a creator, this page allows you to monitor all your notifications in one convenient place.

To quickly navigate to the notifications page, click the bell icon in the header:

## For all users

All users will be able to view the following:

- Broadcasts
- Updates to the feeds they follow
- Follow notifications
- Likes and Re-MV's

## For Creators

Creators get additional insights into how their content is performing. In addition to the notifications that all users see, creators will also be able to track:

- Store Item Sales: Get notified when Members purchase items from your store.
- Custom Video Sales: Receive updates when users purchase your personalized content.
- Tips: Stay on top of any tips or donations you've received from fans who appreciate your content.
- Post Shares: View when your posts are shared by other users, extending your reach and visibility.

As a creator, you'll also be able to see new followers and which fans are engaging with your Club content.

## Quick Actions

To help you stay organized, you can easily mark all your notifications as read by clicking the bell icon at the top of the page. This simple action instantly clears your notifications, giving you a clutter-free experience.
