Promoting the launch of new vids to your fans on your Club is really an important step to making more sales. This helps you keep in touch with your fans and let them know when there are new uploads. Encourage fans to follow your Club so they can get notifications when you've uploaded something new!

There are a lot of other ways to keep your fans up to date! On MV, you can use:

- [Your Club](#)
- [Broadcast](#)
- [Messaging Inbox](#)
