

How do Creators earn tokens?

Last Modified on 09/02/2023 3:59 pm EDT

Creators earn Tokens through tips on MV Live ! MV Members can tip Creators with Tokens during [live session](#). Creators can set Token goals (eg.: 1000 tks, 1500tks etc.) and invite their fans to tip them towards reaching their live show goal.

Creators often create fun games to help reach their token goals. Once the MV Members help the Creator reach their goal (which can often be found in the room topic), the Creator will then begin that portion of the show.

You have to be an MV Member to buy Tokens and tip!
