

How can I verify another performer on my feed?

You are allowed to include other performers in your Club/feed, as long as you have previously age verified your co-performer(s) and have clear proof of consent per our [Terms of Services](#) Section 6.5.

If you wish to publish content featuring another Creator, make sure to toggle the option "Yes" on your post to declare your co-performer. You will need to keep your co-performer's ID and signed release form, as we may ask for a copy of the documentation. The work title on the release form can be a general "My Club content" statement.

To verify a co-performer that is not currently a verified Creator on MV, simply keep a copy of their valid government issued photo ID, along with a signed co-model release form as it may be requested at any time as per 2257 regulations.

You can find our blank release form [here](#).
